Monday, February 4, 2013

Burwell Livestock Market

Burwell, NE ~ 1:00 CST

Location: The sale will be held at the Burwell Livestock Market, Burwell, Nebraska. The barn is located in the south-west part of town, west of the water tower, at 401 S 11th.

Sale Time: 1:00 CST

Herd Health: Prior to the sale all bulls will be given a Breeding Soundness Exam and fertility tested by Dr. Terri Bridgman, Ord Veterinary Clinic. All bulls have tested negative for BVD. Bulls were vaccinated with IBR, BVD, PI3, BRSV, 7 Way Blackleg and poured. **All are virgin bulls**, with the exception of the three we used within our herd, and they Trich tested negative.

Sale Day / Sale Barn Phone: 308.346.4257.

Absentee Bids: If you cannot be with us sale day we will confidentially and honestly handle any bids for you. Call Mike Sitz at 308.348.2273, or Mike Baxter, Auctioneer, Home phone, 402.387.1861, or cell phone at 402.394.5686. If you would like to check out the bulls at the ranch, give us a call.

Delivery: Free delivery within Nebraska on total purchases of \$2500 or more. We will assist all buyers on delivery. If you bring your own trailer, we will deduct \$50 per bull on sale day.

Guarantee: First Breeding Season Coverage. **See page 15 for details.**

Retaining: Mike Sitz Angus will retain 1/3 Revenue Sharing Interest on all bulls in the catalog. Buyer has full possession and full salvage value. Should we want to collect the bull at a later date it will be at the buyer's convenience and only at our expense. All semen interests are revenue sharing.

Storm Date: Is set for Monday, **February 11**. In case of severe weather, call Mike, 308.348.2273 or the Burwell Livestock Market at 308.346.4257, about the possibility of a sale postponement.

Terms and Conditions: The cattle selling in this auction will sell under the Terms and Conditions of the American Angus Association. All cattle are the buyer's property as soon as sold.

Liability: All persons attending the sale do so at their own risk, and Mike Sitz or Burwell Livestock Market assumes no liability, legal or otherwise, for any accident that may occur.

Motels: Pump and Pantry Motel, Burwell, 308.346.4607

Rodeo Inn, Burwell, 308.346.4408

Coming Two Year Old Angus Bulls

*From A Time Proven
Cow Herd.*

Dear Cattlemen:

Our bull numbers are up this year. By looking through the data you will appreciate that we continue to sell only our top cut of bulls. Take this opportunity to own a Two-Year-Old Angus bull from an established and reputable herd.

For 40 years we have sold exclusively Coming-Two-Year Old Bulls. Our customers appreciate the way our bulls are managed, resulting in sound, range ready bulls. Efficient cow lines have emerged by staying on track, avoiding fads and being committed to raising fault free cattle.

After weaning the sale bulls are put on a ration to gain 2 pounds per day. As yearlings they are summered on grass with no supplemental feed until the first part of November, when they are fed a high roughage ration. During this time they also graze and range in a quarter section pasture. The bulls will be in working shape on sale day, allowing prospective buyers to take an honest evaluation of the bulls. All are virgin bulls with the exception of the three we used within our own herd, and they will be Trich tested.

We will be bringing the bulls to town the morning of the sale. Please feel free to call if you have any questions, or if you want to visit the ranch prior to the sale to look at the bulls.

It is always a pleasure to see old friends and meet new ones on sale day. We are grateful to all of our loyal customers and for their trust and support of our program.

*Sincerely,
The Mike Sitz
Family*

MSAR Forte 6776

MSAR Right Time 7757

MSAR Forte 6776 is everything we had been searching for in a bull, and we found him at home. Forte 6776 is structurally correct and stylish, working well on all types of cattle. At yearling his sire group proved to be the most consistent, balancing out all cow types. Consistent in a word describes this bull. 6776's bloodline traces back to PAPA Forte 1921, one of the great carcass bulls of the breed, and his dam, 1029, is considered the best cow ever raised on this ranch. 6776 is not a single trait bull, but doing it all well, and being a cow maker may well be his best trait. Forte 6776's calves are extra vigorous at birth and the bull also has a good disposition. Early in the 2009 breeding season he was injured and we were forced to put him down. We continue to use him heavily as an AI sire, but semen is limited. His sons were the high selling sire group in our 2011 sale, and the dam herself is a Pathfinder cow having a BR of 9/95, WR of 9/106 and YR of 9/106.

MSAR Right Time 7757's sire, 24J, is known as the Cow Maker. 7757's daughters are following this pattern, being moderate framed, sharp and feminine, with excellent udders. Right Time 7757 is from the Msar Proud Formera 1029 cow and a half brother to our MSAR Forte 6776 bull. MSAR Right Time 7757 was the high selling bull in our 2009 Sale, and fortunately we were able to purchase him back. We are now using him extensively AI and natural. The resulting daughters are now in production and proving to be good producers. His three generation pedigree is packed with ten Pathfinders and his dam has production records of 9/95 for Birth, 9/106 for Weaning, and a Yearling of 9/106. MSAR Right Time 7757's sons averaged \$5364 in our 2012 Bull Sale.

CAR Chinnook 786

CAR Chinnook 786 is a calving ease bull. We were first attracted to Chinnook's flawless pedigree and his six generations of documented maternal strength. Chinnook is very stylish and slightly larger framed than our Forte and Right Time sires. As an outside AI sire, he is one of the most consistent bulls at weaning that we have used in a long time, stamping each calf with his excellent disposition and eye appeal from start to finish. We have been pleased with the daughters we have in production.

Be sure to visit our website at www.mikesitzangus.com.

MSAR Emblazon 4086 is a proven calving ease sire while his progeny exhibit excellent growth at weaning. MSAR Emblazon 4086 was purchased at our 2006 Bull Sale by Cedar Top Ranch, Stapleton. Later we began using 4086 extensively through AI on our heifers because of his outstanding dam and grand dam. His progeny are proving to be thick and easy fleshing and his daughters are more moderate in size.

Emblazon 4086 has progeny with an average Birth Ratio of 98 and an average Wean Ratio of 101. MSAR Emblazon 4086's dam has production records of 13 calves at 98 for Birth, 13 calves at 98 for Wean and 12 calves at 99 for Yearling . The grand dam to this bull, Old 827, has produced 17 calves with Birth ratios of 100, Wean Ratios of 101 and Yearling Ratios of 101.

CTR Rito 5503 was acquired at the Cedar Top Ranch bull sale. We purchased him primarily because of his three-generation pedigree that is packed with seven maternal Pathfinder sires including his sire, Rito 054 GDAR, and grandsires CSU Rito 4114 and QAS Traveler 23-4. The dam of Rito 054 GDAR is Blackcap Forever 485 GDAR; dam to the leading herd sires Viking 977 GDAR and Traveler 1148 GDAR. CTR Rito 5503's dam is a QAS Traveler 23-4 daughter with AAR New Trend on the bottom side of her pedigree.

CSU Rito 4114, QAS Traveler 24-3 and Rito 054 GDAR made such a positive impact in our cowherd in the earlier years that the chance to find a son so closely related was a significant opportunity for us. Following the maternal tradition, our first daughters from Rito CTR 5503 are in production and they are showing much promise of being a great set of cows.

Wean Ratios compare two Contemporary Groups: heifers calves and cows calves.

Yearling Ratios have been compared in one Contemporary Group.

Note: The ratios of Lots 36 - 39, and 83 - 84 are compared within the herd of Joel and Bethany (Sitz) Johnston. (JJA)

First Season Breeding Coverage

All bulls selling for \$2500 or more will be covered 50% by Mike Sitz Angus if they are injured during their first breeding season. First breeding season is defined as the 60 day period following the first turnout of the bull on injuries that occur in the breeding pasture. 50% of the value of the injured bull, minus one-half salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. As a two-year-old bull, the minimum salvage value will be valued at \$1250. Salvage value will be split equally between Mike Sitz Angus and the buyer. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should an injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2013. This is not mortality insurance. This does not cover poor management or neglect.

Calving Ease Direct (CED) is an EPD expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first calf heifers. It predicts the average difference in ease with which a sire's calves will be born when the sire is bred to first calf heifers.

Calving Ease Maternal (CEM) is an EPD expressed as a difference in percentage of unassisted births with a higher value indicating greater calving ease in first-calf daughters. It predicts the average ease with which a sire's daughters will calve as first-calf heifers when compared to daughters of other sires.
